

# Epoxyacrylate chemical resin styrene free

Reference: EA

## For use with:

- M8 to M24 electro-zinc-plated steel and A4-70 stainless steel and
- Nylon sleeve for use in hollow brickwork.

## Dessin technique

### Description longue (Informations techniques)

Family: Chemical resin

Use: masonry sealing

Use: Concrete sealing

Colour: Concrete

Assessment: ETA masonry

Assessment: ETA opt. 7

Base material: Hollow brick

Base material: Brick

Base material: Aerated concrete

Ecology: EPD

Ecology: Styren free

Ecology: LEED

Environment: Immersed

Environment: Dry or wet

Cartridge volume: 380/410/420ml

Cartridge volume: 280/300/310 ml
